**REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT**  
**PURSUANT TO 37 C.F.R. § 1.705(d)**

Mail Stop Patent Ext  
Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

U.S. Patent No. 7,346,216 issued on March 18, 2008. Pursuant to 35 U.S.C. § 154(b), the United States Patent and Trademark Office calculated a patent term

adjustment of 760 days. A copy of the issue notification for U.S. Patent No. 7,346,216 is included herewith as Exhibit A.

Applicant's Attorney believes that the patent term adjustment should be 1,220 days. For the reasons stated herein, reconsideration of this patent term adjustment is respectfully requested pursuant to 37 C.F.R. 1.705(d). Please charge the petition fee pursuant to 37 C.F.R. § 1.18(e) to Deposit Account No. 23-1925. Please charge any additional fee required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached for this purpose.

The patent term adjustment for U.S. Patent No. 7,346,216 was calculated by the U.S. Patent and Trademark Office based on activities and associated dates detailed in the Patent Application Information Retrieval (PAIR) system Patent Term Adjustment History, attached as Exhibit B. Applicant's Attorney believes that errors and/or omissions in the calculation and/or the PAIR system Patent Term Adjustment History may have resulted in an incorrect patent term adjustment for U.S. Patent No. 7,346,216 as described in detail below. Pursuant to 37 C.F.R. §1.705(d), this request for reconsideration is being filed within two months of the issue date of the above-referenced patent. Note that U.S. Patent No. 7,346,216 is not subject to a terminal disclaimer.

**Period of Adjustment Pursuant to 37 C.F.R. § 1.703(b)**

The period of adjustment pursuant to 37 C.F.R. § 1.703(b) is the number of days in the period beginning on the day ("the three-year date") after the date that is three years after the date on which the application was filed pursuant to 35 U.S.C. § 111(a).

The present application was filed on September 10, 2003 as evidenced by the official filing receipt attached as Exhibit C. The three-year date determined pursuant to 37 C.F.R. § 1.703(b) is September 10, 2006. Under our interpretation of the three-year delay rule, all delay by the U.S. Patent Office beyond three years from the filing date should be added to the patent term adjustment unless there is delay on other grounds (U.S. Patent Office or Applicant delay) already occupying the same period of time.

U.S. Patent No. 7,346,216 issued on March 18, 2008, which is 555 days beyond the three-year date. However, there was also a delay by the U.S. Patent Office from the time of mailing a Restriction Requirement to the time that U.S. Patent No. 7,346,216 issued. This delay may be accounted for as the time between the mailing of the Restriction Requirement and the mailing of the Notice of Allowance, and the time between the mailing of the Notice of Allowance and the time the patent issued. The Restriction Requirement was mailed December 14, 2006 and the Notice of Allowance was mailed August 28, 2007. The time between the mailing of the Restriction Requirement and the mailing of the Notice of Allowance is 257 days. The time between the mailing of the Notice of Allowance and the time the patent issued was 203 days. Hence, the delay beyond the three-year date is properly accounted for as 460 days. Accordingly the total delay in the present application is 1,220 days.

### **Conclusion**

In conclusion, Applicant respectfully assert that the patent term adjustment determined by the U.S. Patent and Trademark Office for U.S. Patent No. 7,346,216 may not be correct. Accordingly, Applicant's Attorney respectfully requests the U.S. Patent

and Trademark office to reconsider, and make revisions to the PAIR system Patent Term Adjustment History in view of the previous remarks. In addition, it is respectfully requested that the patent term adjustment be re-calculated by the U.S. Patent and Trademark Office in view of the above remarks. Office personnel are invited to contact Applicant's Attorney via telephone if such communication would be beneficial in fulfilling this request.

Applicant has calculated a processing fee in the amount of \$400 to be due under 37 C.F.R. § 1.18(t) in connection with the filing of this petition. Applicant has authorized charging the fee to a deposit account as indicated in the Transmittal accompanying this petition.

Respectfully submitted,

## ISSUE NOTIFICATION

The projected patent number and issue date are specified above.

### **Determination of Patent Term Adjustment under 35 U.S.C. 154 (b)** (application filed on or after May 29, 2000)

The Patent Term Adjustment is 760 day(s). Any patent to issue from the above-identified application will include an indication of the adjustment on the front page.

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) WEB site (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (571)-272-7702. Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (571)-272-4200.

**LICENSE FOR FOREIGN FILING UNDER**  
**Title 35, United States Code, Section 184**  
**Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
